

Nada Surf, Killian's Red

i'm putting this night down to bed
cause i was sitting at the bar
hoping you're walk in the door
that says killian's red
cause i left you a note that said
come on out and we'll both get
right off of our heads
and float up off the chair
we'll go on vacation tonight
under a sun of neon light
and i almost love this town
when i'm by your side
you woke me from a long sleep
and i'm almost back
closer than ever
to finding the hidden track
if i told you the truth
you wouldn't like what i said
i almost believed i was dead
there'll be no more waiting
you're gonna melt all the ice
in our heads
there'll be no more crying
you're gonna make it all better instead
(verse)
i get secrets at night
but they don't stay
i get secrets at night
but they go away
