

# Nada Surf, Nothing

i didn't do anything today  
lazyhead  
i didn't do anything today  
stay in bed  
i'm finally doing what i said i'd never do  
i'm doing nothing  
i'm doing it for you  
and you will admire the ultimate courage  
when i throw everything right in the garbage for you  
i didn't say anything today  
nothing said  
i didn't think anything today  
emptyhead  
i'm finally doing what i said i'd never do  
i'm saying nothing  
i'm saying it at you  
and i will get helpers i'm recruiting them now  
i'll show them nothing to do i will show them how  
and we will do nothing  
we'll do it together  
i don't care when we get through  
we'll do it forever for you
