

Nada Surf, Nothing

i didn't do anything today
lazyhead
i didn't do anything today
stay in bed
i'm finally doing what i said i'd never do
i'm doing nothing
i'm doing it for you
and you will admire the ultimate courage
when i throw everything right in the garbage for you
i didn't say anything today
nothing said
i didn't think anything today
emptyhead
i'm finally doing what i said i'd never do
i'm saying nothing
i'm saying it at you
and i will get helpers i'm recruiting them now
i'll show them nothing to do i will show them how
and we will do nothing
we'll do it together
i don't care when we get through
we'll do it forever for you
