

# Nadia Oh (Feat. Space Cowboy), Something 4 The

It's Friday night  
I'm all alone  
I want you to  
Call me at home  
Any time  
You know I'm there  
Waiting for you  
For you to show  
You make me sweat  
You know you do  
Come to my house  
I want you to  
You lick your lips  
I get excited  
The party's on  
And you're invited

## CHORUS

(It's Friday night) it's Friday night  
(It's Saturday night) it's Saturday  
(Sunday night) yeah yeah  
(it's the weekend) It's the weekend  
(It's party time) It's party time

(It's your time) It's time to shine  
(It's something) It's something baby  
(For the weekend) It's the weekend  
You're on the phone  
I know who too  
But she's a (oh)  
You know it's true  
My big green eyes  
My voluptuous lips  
And only I know  
What makes you tick  
You're feeling me  
Don't get it twisted  
I'm like a drug  
And you're addicted  
Keep what we do  
Between me and you  
No one should know  
But me and you  
Chorus 2x
