

Nadia Oh, Shake It

Shake your waist line to the bass line
Move your body at the right time
Shake your booty if you're here for
Not a long time, but a good time
Me love you long time, me love you long time
When the sun shines (man i like it better)
A little closer
You know i like that
Shake, shake, shake
You know i like that
Shake your money maker
Shake your money maker
Shake your money maker
Shake it, shake it, girl
Shake your money maker
Shake your money maker
Shake your money maker
Shake it, shake it, boy
Shake your money maker
Shake your money maker
Shake your money maker
Shake it, shake it, girl
Money money money money

If you wanna (move your body)
A little closer
Shake it, shake it, girl
If you feel like, you wanna tap that
Shake your booty booty, make your booty pop
Move your body like a snake, boy
Come over here and (wiggle like you did, ah!)
To the left and to the right and
Up and down and
Shake it, shake it, girl
Shake your money maker
Shake your money maker
Shake your money maker
Shake it, shake it, girl
Shake your money maker
Shake your money maker
Shake your money maker
Shake it, shake it, boy
Shake your money maker
Shake your money maker
Shake your money maker
Shake it, shake it, girl
Money money money money
