

Nadia, Shine On

Shine on, hey shine on
Hey shine on, come on shine on

See your shadow moving to the sound
Your body shine on everyone
It's so easy when you look around
The magic shine on every one
Make it cool and let it be your goal
Your feelings shines on everyone
Show your soul and let it take control
Your smile will shine on everyone

Take your time don't let it go away
It's fine to shine on everyone
Be yourself no matter what they say

Your heart will shine on everyone
Feel the vibes it's everywhere you go
Your love will shine on everyone
Open your heart let the rhythm flow
your motion shine on everyone.

Show your heart
Show yourself
Show for me
Feel the vibes
Break the spell
Make it cool
Be yourself
