

# Nadia Sohaei, In Your Eyes

In Your Eyes  
There's one thing  
I can't explain  
In Your Eyes  
Reflecting mirrors  
Over the space  
I need to be  
into My loneliness  
broken heart and feelings  
in every breath You take  
I feel one voice  
inside of me  
(I feel You)  
I know that You know  
My destiny  
I need to be  
so far away from Me  
Everybody knows Me  
and You can find My way  
I know My destiny  
no end and no beginning  
in my heart  
there's my destiny  
I never fall in love  
I never fall in love  
because of You  
that's why I love You
