

Nadja Benaissa, Come Back

You've been so close to me
closer than I ever thought you would
and you were there for me
when no one else was there to dry my tears
But I, I never took my time for you
'cause I always had so much to do
Oh, come back in my life
back in my heart
back on my side
oh, come back in my life
back in my heart
back on my side
you're the love of my life
I was afraid that
you would break my heart and run away
but end will have it
that broke it anyway, yes
oh, yes you did
And now, I just don't know what I should do
'cause I can't take this pain I'm goin' through
Words are none to what I fell inside
Can't you see I swallowed all my pride
And when I close my eyes I only see your face
no matter what I do you're always in my head
what can I do to win your heart
again
'cause since you've been gone
Oh, I've been so alone
without you in my life
Oh, I can not go on
[Refrain]
You're the love of my life
