Nadja Benaissa, Come Back

You've been so close to me closer than I ever thought you would and you were there for me when no one else was there to dry my tears But I,I never took my time for you 'cause I always had so much to do Oh, come back in my life back in my heart back on my side oh,come back in my life back in my heart back on my side you're the love of my life I was afraid that you would break my heart and run away but end will have it that broke it anyway, yes oh, yes you did And now,I just don't know what I should do 'cause I can't take this pain I'm goin' through Words are none to what I fell inside Can't you see I swollowed all my pride And when I close my eyes I only see your face no matter what I do you're always in my head what can I do to win your heart 'cause since you've been gone Oh,I've been so alone without you in my life Oh,I can not go on [Refrain] You're the love of my life
