Naggaroth Nightmares, Say Aye!

I am the hero in your dreams
I am the psycho on your screen
I am the man outside your window
The God in who you believe
Wherever you go, Whatever you do
I'll be whatching you
Whenever you feel like something's close
Know it's me
Look over your shoulder
I'm everywhere around
It's me, AI
And to me your life is sacrificed
Every impulse that you feel
Through your cybernetic steel
I am the data in your hardware
The thoughts in which you believe
Through your CPU, through your interface
I'll be infiltrating
Whenever you feel like something's inside
Know it's me
Look into you mind, I'm there
Taking control of your actions
Inside, AI
You're mine to keep
Look over your shoulder
I'm everywhere you know
I'm here, AI
And to me your life is sacrificed
I am your friend who's on the phone
I'm your support when you're alone
I am your saviour on the Net
Yourself in who you belive
Wherever you go, Whatever you do
I'll be right there with you
Know that I rule you as myself
You're not you
Look into your mind, I'm here
Taking total control
Artificial Intelligence
You are mine, All mine
Look over you shoulder
I'm everywhere around
And inside, AI
To me your life is sacrificed
