## Nails, Hello Janine

Ain't it funny?
Ain't it funny?
How things change
But sitting here next to you honey
I can't believe I've fallen in love with you again
'Cause I remember the heartbreak
And I remember the pain
And I remember swearing to myself
I never wanted to see you again

But everything must change Nothing remains the same I can't believe it myself pretty baby But my arms are open again

And hello Janine
You're lookin' pretty,
But you've always looked pretty to me
Janine
You're lookin' pretty, but you've always looked pretty to me

I see five colored balls
And they're floating in the air
One is red and that's the color of my heart
One is blue and that's the color of despair
One is you, and one is me
And the one that's colored black
Is what's never ever gonna to be

Everything must change Nothing remains the same And I can't believe it myself pretty baby But my arms are open again

And hello Janine You're lookin' pretty, But you've always looked pretty to me Janine You're lookin' pretty, but you've always looked pretty to me
