

Najwa Nimri, (Intro) Wait For

Wait for the time they go
Wait for...
I wait for the time they go in

The silhouettes of black goddess full the air of alert
Beauty this time like a tramp
All the smoke has gone
Champagne shake and everything turns new

Stay awake, stay awake, stay awake...

Stay stay stay, wake up
Stay stay stay, wake up
Stay stay stay, wake up
Stay stay stay, wake up

Wait for, wait for
Wait for

Wait for, oh wait for
I wait for the time they go
Wait for

Stay and wake up, wake up...
Wait for...

Stay and wake up, wake up...
