

Najwa Nimri, Lord Of Nations

You will open the curtains at once
But i will be already awake
What a little is the earth, earth
I want to split it in half

Lord of nations
I'll make your connections collapse
Lord of nations
I'll make your connections collapse

Trunk of uncertain miracles
I don't need any help
Deep happiness is always with me
Deep happiness is always with me

Lord of nations
I'll make your connections collapse
Lord of nations
I'll make your connections collapse

This is our party
And you're not invited
Colour explosions
And fire balls
All around, all around
All around

Lord of nations
I'll make your connections collapse
Lord of nations
I'll make your connections collapse

You will turn the lights at once
But i am already gone
That i am already gone

I don't, i don't...
All around...
I let, i let...

(I'll make your connections collapse
lord of nations)

Carefully, carefully, carefully
Carefully, carefully, carefully
Carefully, carefully, carefully...
