

# Nana, I wanna fly (Like an eagle)

Yeah, sometimes I wish I could spread my wings and fly high up in the sky

I wanna fly, fly like an eagle (fly like an eagle)  
I wanna fly, fly like an eagle

Sometimes when my heart is crying inside  
I look in my soul and look to the sky  
Sometimes when my life is heavy with pain  
I look to the sun and lough in the rain

I wanna fly, fly like an eagle (yeah)  
I wanna fly, (spread my wings and fly, spread my wings and fly, what?) fly like an eagle  
(like a bird in the sky, like a bird in the sky)  
I wanna spread my wings and fly, I wanna reach out for the sky  
I wanna spread my wings and fly, I wanna reach out for the sky  
Spread my wings

Baby girl got the weight, massive oil in Kuwait,  
Little Joe can't wait Rob the banks in the States  
Grandma lost mom couldn't stand the pain  
In 88 grandma past away  
Mr. Brown in good shape livin next to Bill Gates  
Little Joe lost faith, suicide with shoelace  
Mary Jane takes the train drops home in her break  
Meets her boyfriend at the gate, hand in hand with the roommate  
All I see is bad and all I see is pain  
All I see is poverty digging in the grates  
Human beings finding space, looking for a new places  
Destroyed mother earth now trying to escape  
What a shame this place, police investigate  
Snakes perpetrate only checking money rates  
I don't wanna change... participate  
Lord come down, Lord terminate

I wanna fly, fly like an eagle (fly up in the sky)  
I wanna fly, fly like an eagle  
(like a bird in the sky, like a bird in the sky)  
I wanna spread my wings and fly, I wanna reach out for the sky  
I wanna spread my wings and fly, I wanna reach out for the sky  
I wanna fly, fly like an eagle  
(spread my wings and fly, spread my wings and fly)

I wanna fly, fly like an eagle (fly like an eagle)  
I wanna fly
