

# Nana Mouskouri, Chimbolom

We can't stop the world from turning  
From spinning round and round  
And can't stop ourselves from yearning  
For things we haven't found  
But we can improve the world we're in  
Turn it upside down  
And then we'll sing Chimbolom  
Hold up your chin Chimbolom  
Through thick and thin Chimbolom  
We're gonna win Chimbolom

Chorus

Chimbolom, Chimbolom, Chimbolom bolom bolom  
Chimbolom, Chimbolom, Chimbolom bolom bolom

The world that we're aiming after  
Will be a finer place  
Be filled with the sound of laughter  
A smile on every face  
When the tears of war  
Are shed no more  
All the human race  
Is gonna sing Chimbolom  
Hold up your chin Chimbolom  
Through thick and thin Chimbolom  
We're gonna win Chimbolom

Chorus

Just picture the whole world peaceful  
With everybody friends  
I'd like to be of those  
Who'll achieve this in the end  
And it's more and more I'm hoping for  
Every day I spend  
Heal everything chimbolom  
Hold up your chin Chimbolom  
Through thick and thin Chimbolom  
We're gonna win Chimbolom

Chorus twice
