

Nana Mouskouri, Even Now

Moon in the sky softly creeping
Over the time from above
And I lie awake hardly sleeping
So lonely for only your love

Even now, each night, I remember
Days of summer when blossoms filled each bough
In the cold, gray days of December,
My darling, I miss you even now

When will I see you again?
Come to my arms where you belong
My world will be empty till then
For you are the words to my song

Even now, each night, I remember
Days of summer when blossoms filled each bough
In the cold, gray days of December,
My darling, I miss you even now

In the cold, gray days of December,
My darling, I miss you even now
