

# Nana Mouskouri, Love Ain't The Question (Love Ain't The Answer)

There's no doubt about it  
Love ain't the question  
And love ain't the answer  
To what's coming down

With more than enough  
To hold most folks together  
We're lost more than average  
Folks ever have found

We can't kiss and make up  
Make love and take up  
Somewhere where we left off  
Somewhere where we've been

(refrain)  
'Cause love ain't the question  
And love ain't the answer  
From the beginning  
It was destined to end

"No, love ain't the question"  
And love ain't the answer  
For two head strong people  
To set in our ways

We can't stay apart  
And we can't stay together  
A couple of misfits  
That love cannot save

We've got love for givin'  
And got love for takin'  
But there's no forgiving  
There's no giving in  
So...

Refrain (Bis)
