

Nana Mouskouri, Nickels And Dimes

1-

I used to stand on the corner when I was a child
And I would play my guitar and sing as the people went by
The sidewalks were crowded, but I'd just sing louder
'Cause I didn't mind
Spending my time
Spending my rhymes
And singing for nickels and dimes

Chorus

Nickels and dimes
A song at a time
For nickels and dimes

2-

I'd brighten their day
As they'd go on their way
As they'd brighten mine
A sidewalk rehearsal for dreams that I held in my mind
I knew that some day, in my own special way
I'd repay all their nickels and dimes

3-

I recall the sidewalks each night as I stand on the stage
As I play my guitar and sing for the people who pay
'Cause finally I made it to what they all call the Big Time
But I still remember I still owe some nickels and dimes

Chorus

4-

A sidewalk rehearsal for dreams that I held in my mind
So if you remember a child on the corner of time
You'll know that I promised to repay your
Nickels and dimes

Chorus

Repeat 4

Chorus

Repeat 4
