

# Nana Mouskouri, This Love Of Mine

1-

All of my life  
It's like I've been waiting for you,  
Been so long overdue  
But this time it's right  
There's no second thought in my mind  
'Cause you're one of a kind  
And I want you to stay,  
Want you more every day  
With all of my heart  
And in every way, baby  
You can count on me,  
You can count on me,  
Oh endlessly

R-

Baby, this love of mine is a river  
Day after day, it flows on forever  
This love of mine is an ocean  
So deep and so wide filled with true devotion  
This love of mine, ah-ha  
This love of mine, ah-ha

2-

'll be a friend  
When you need someone to hold  
When you're out in the cold  
I'll take you in  
Whenever you're lost in the night  
And there is no end in sight  
I will show you the way,  
Turn the night into day  
Whenever you need me,  
You just call my name, baby  
You can count on me,  
You can count on me,  
Oh endlessly

3-

Everytime I see your face  
I want to say a little prayer  
Heaven's such a sacred place  
Can you take me there?  
Can you take me there?

This love of mine is a fire  
Day after day it gets higher and higher  
This love of mine is a mountain  
So sure and so strong that you cannot doubt it, baby  
This love of mine, ah-ha  
This love of mine, ah-ha  
This love of mine, ah-ha
