

# Nanci Griffith, Is This All There Is?

I have traveled far to be sitting here with you  
And I will leave this place alone  
That's a sad and simple truth  
There is so little time and so much to say  
And I'll be none the wiser  
When I leave you here today

Is this all there is  
I wanted so much more  
The gold in those hills  
The silver of the moors  
And now that I'm here  
Looking you head on  
You're the treasure that I left behind  
And all I'll ever miss  
The blame for losing love is blind  
Is this all there is

It always stops me cold everytime I hear your name  
The friends that we have shared  
Know I'll never love the same  
I still hear your voice echo through the days  
Yet it never breaks my stride  
'cuz we would always end this way

Is this all there is  
I wanted so much more  
The gold in those hills  
The silver of the moors  
And now that I'm here  
Looking you head on  
You're the treasure that I left behind  
And all I'll ever miss  
The blame for losing love is blind  
Is this all there is

We were really something  
Holding hands and walkin'  
Now, no amount of talkin'  
Could lend this love a place to go

Is this all there is  
I wanted so much more  
The gold in those hills  
The silver of the moors  
And now that I'm here  
Looking you head on  
You're the treasure that I left behind  
And all I'll ever miss  
The blame for losing love is blind  
Is this all there is
