

Nancy Martinez, For Tonight

Another night, its getting colder
Just when I thought that it was over
I realized, that I can't be denied
Your love, its taking me over
Many times I've tried to spend to many lies I've
forgiven you
You got your foolish pride and you know down deep inside I'm
breaking all the rules
What else can I do

Cause for tonight
A little love and candlelight
For tonight
A little love and candlelight
Can't we be in love for just one night

I couldn't see, that deep inside of me
I couldn't hold on any longer
Can't believe, how you get to me I know
It keeps getting stronger
Many times I've tried to tell you all the reasons why I'm
leaving you
You got your foolish pride and you know down deep inside I'm
breaking all the rules
What else can I do

Cause for tonight
A little love and candlelight
For tonight
A little love and candlelight
Can't we be in love for just one night

Cause for tonight
A little love and candlelight
For tonight
A little love and candlelight
Can't we be in love for just one night

Cause for tonight
A little love and candlelight
For tonight
A little love and candlelight
Can't we be in love for just one night
