

# Nancy Sinatra, Cryin' Time

well its crying time again  
youre gonna leave me  
I can see that far away look in your eyes  
I can tell by the way you hold me darling uhmm uhmm uh  
that it wont be long before its crying time

now, they say that absent makes the heart grow fonder  
and that tears are only rain to make love grow  
well my love for you could never grow no stronger no  
if id live to be a hundred years old

oh, its crying time again  
youre gonna leave me  
i can see that far away look in your eyes  
i can tell by the way you hold me darling  
that it wont be long before its crying time

Now you say you found someone that you love better  
Well thats the way it happened every time before  
and as sure as the sun comes out tomorrow  
crying time will start  
when you walk out the door

oh, its crying time again  
youre gonna leave me  
i can see that far away look in your eyes  
i can tell by the way you hold me darling  
that it wont be long before its crying time

now it wont be long before its crying time

ooooh yeeah
