

Nanowar, Tricycles Of Steel

It's made up of steel, but it's not a motorcycle
It's made up of wheels, but it's not a motorcycle
It's made up of kings, but it's not a motorcycle
It's made of True Metal, it is a fucking tricycle!!

Kings metal power true steel Oh yeah!
Nanowar'll always be there!

Tricycles of steel! Tricycles of steel!
Pollution is low, no fuel to go
We ride the tricycles of steel!
WE RIDE THE TRICYCLES OF STEEL!!

Din din, the bell rings, our tricycles are for kings
(They run just like they had unicorn wings)
Din din, the bell plays, our tricycles are for gays
(Because there's no saddle where our ass lays)
