

Nanowar, True Metal Of The World

Brothers of the power, true metal of the kings
Ride the king of metal, true power of the brothers
We're the power of the steel, to fight for the battle
The battle of the power, of the steel of the fight!!!

Kings of southern coasts of the true metal of the world
Power's still with us, we'll never fall!!

True metal of the world! ah-ah
True metal of the world!

Hell is bursting out for the holy wings of steel
Steel of hell is holy and we like ham very much
But ham and steel is better, for lunch and for sinner
Battle for the power of the kings of the dinner!

Brothers of true metal howling, fighting in the crowd
Kill for the true metal screaming loud!

(Sample of a fictional radio speaker who supposedly likes to air Nanowar songs:)
