

Naomi Prie, Lose It All (x Mandeep)

I'm staying in the corner
Had to overcome my fear of the dark
Jumped into the water
And i knew i had to swim with the sharks

Been scared to fall too deep
Been losing so much sleep
But now the feeling's gone
I had to leave behind
The trouble in my mind
It's true

If I lose myself i lose it all
Lose it all
And i'm bleeding
I'm praying to God
Baby, I lose it all
Lose it all
'Cause I'm missing the taste of your heart
If I lose myself I oh-oh

I had to go through fire
Fight with demons that i knew were my own
Neglect my own desire
Had to do the growing up all alone

Been scared to fall too deep
Been losing so much sleep
But now the feeling's gone
I had to leave behind
The trouble in my mind
It's true

If I lose myself i lose it all
Lose it all
And i'm bleeding
I'm praying to God
Baby, I lose it all
Lose it all
'Cause I'm missing the taste of your heart
If I lose myself I oh-oh
