

Napalm Death, Antibody

Showering with your respect
Luring all with trinkets
Benefits are in effect

Take time to reflect
on all true commitments
Now the big-noise reject

Communication breakdown
You shrug off the resolve
Riddled with the cancer
How does your life revolve ?

Loser of integrity
Antibody gives new release

Relieves the pain of being sincere
Important to maintain the ties
Mentor in the public's eye
Scandal could expose the lie

A shadow of your former self
reaping the rewards
no scam too outrageous
when there's more
to be fought for

Poisonous snake with a persuasive gaze
Predatory guru with promises of gain
His antibody is a painless extraction
of all the principles he once stood fast On
