

# Napalm Death, Breed To Breathe

Divorced humanity  
Science strays  
Walk the path of servitude  
Grown unknown malignant code  
Misconceived the passion whole

Misconceived the passion whole

Born against the innocent  
Amongst us issues preset  
Determined goals which are set  
Love: a crime of severance

Are we free to feel!?  
Do we hurt to heel!?

Whose life to steal!?  
Whose life to steal!?

Awareness fails the public eye  
Primate morals sell the lie  
2,2 - symbolic bait  
A process - bound genetic fate

The selfish feed - breed to breed
