

Napalm Death, Cock Rock Alienation

Capitalism, racism, sexism
The foundations of cock-rocking idealism
Exploiting, sucking, manipulating
The wisdom of a starry-eyed nation
Making idols out of assholes
Raunchy hunky machismo type fools
Who cares if they've got no brains.
Just give us tits and tools!
Fantasy? reality?
Distinction? satisfaction?
We love it when you feed us shit
Were so stuck in our dreamworld
Lets forget all your problems
And get into the groove!!
Fantasy? reality?
Distinction? satisfaction? !?
