

# Napalm Death, Rise Above

At time of birth,  
Minds free from suspicion,  
Senses raped,  
Induced with superstition.

A pre-set mode  
To befit description,  
Language, colour,  
Race definition!

Inner strength must detect  
The love we each possess  
before we may reach,  
Appreciating it in anyone else.

External distinctions  
Used as scapegoats to problems,  
Channelling our aggression  
In the wrong direction.

Break down the barriers  
That enforce superstition  
Learn to trust,  
Overcome suspicion.

Acceptance, the weapon,  
Active against our freedom,  
Our love and compassion  
Held at treason.

Rise above induced superstition.
