

Napalm Death, Unchallenged Hate

A chronic complaint of dimness.
Prevails your profound ideology.
A romantic vision of a master race.
Attained through coercive forms of authority.

Your observance is negligence.

Where does the whiteman stand?
Where does the blackman stand?
Where do we all fucking stand/
Knee deep in the shit!

Lock into yourself and you'll find the real oppressor.
To a life of unchallenged hate.
It's yourself who's the "nigger";
