

Narine, Here I Am

Come over her boy tonight
Come show me what you've got
I need some entertainment only for one night
Come over her boy tonight
Come meet my dearest heart
No need to tell me your name
No need your lies

I here for entertainment
I'll pay for all your drinks
Just get your blouse off
And take off your blue jeans

I wanna see what you've got
What is underneath your shirt
This is [] for a night
To make me feel alright
Feel alright
Feel alright
Feel alright

So, you []
Made in Armenia
Hot like a fire
Everyone's desire
Rise up your glasses
Drink for those power
We gone burn and this club is going down

Here I Am - stronger then before
Here I Am
Here I Am ? standing next to you, next to you
Here I Am
