

# Narnia, No Time To Lose

How long will I carry on  
(I'm searching for the answers)  
Seems like I'm running inside my head  
(No wings and no horizons)  
Is this the way it gotta be  
(I need to find the answers)  
Is this a dream or is this reality

Inside my head (Inside )  
I hear her voice (my head )  
You kept it without the black on your hands  
The time is here (You )  
You have to chose (have to see)  
Seek redemption, set your soul free

My way to go is hard to find  
(I'm caught in the middle)  
There's something far beyond the distant skies  
(Move to the rhytm of life)  
They told me he's here, inside my house  
(Where can I find you)  
The sense of time is running I need to go

Inside my head (Inside )  
I hear her voice (my head )  
You kept it without the black on your hands  
The time is here (You )  
You have to chose (have to see)  
Seek redemption, set your soul free

(No time to lose)  
Bring me to the holy cross  
(No time to lose)  
I can't take the pain no more  
(No time to lose)  
Bring me to the holy city  
(No time to lose)  
Salvation's all I need

(No time to lose)  
Bring me to the holy cross  
(No time to lose)  
I can't take the pain no more  
(No time to lose)  
Bring me to the holy city  
(No time to lose)  
Salvation's all I need

\*fading out\*

(No time to lose)  
Bring me to the holy cross  
(No time to lose)  
I can't take the pain no more  
(No time to lose)  
Bring me to the holy city  
(No time to lose)  
Salvation's all I need
