

# Nas, Death Anniversary

[Chorus]

I know all y'all hearin me, none of y'all scare me  
Cause niggaz die daily  
Comin out with my guns real early  
Layin in there stair way  
Cause niggaz die daily, so I got niggaz around you  
Mad like they back from their man you killed just a year ago today  
So call it death anniversary, rushin to emergency niggaz die daily

[Verse 1]

What if I told you that AZ didnt exist  
And I put him their played it like a ventriloquist  
Cause niggaz spit fake shit and y'all respect it  
I spit that real shit and y'all won't buy the record  
What if me and the rapper homie was really cool  
And we used that whole thing as a media tool  
would you say I was a sucka or say I was savvy  
If I told you motherfucka's that me n K wasnt married  
What if Jungle wrote my shit, and I'm really illiterate  
And the whole Nas catalogue was just an experiment  
What if I really died when Ill Will got shot  
This is Will rhyming right now, Nas is chillin wit 'Pac  
What If I did all the Advertisement thrown My Way  
And I boned every chick that would throw me some play  
I'd have to load another AK cause Niggaz be jealous  
Cause we real like them Brazil favelas

[Chorus]

[Verse 2]

Scream at the nigga breathe, dont breathe ya last breath  
But you know a nigga dead when he pee on himself  
Blatter givin up on 'em, face start to puff on 'em  
Bloatin up, nigga cold as fuck tryin hold on 'em  
Loosen up the nine on outa his fingers  
Angels comin only he can hear the song that they singin  
And it hurts me, the planet cursed B  
This ya niggaz first year anniversary  
This how it goes down in every ghetto  
So its quite natural for rappers to settle  
And make pop music nursery hooks  
Cause back then we thought the only thing that worked was the jooks  
They tryna pimp a game that done pimped them first  
I'm pimpin the industry so they acknowledge our worth  
The next anniversary we all unite  
Let's all get together or we loosin the fight

[Chorus]
