

Nas, Sly Fox

[Verse One - Nas]

The sly fox, cyclops
We locked in the idiot box, the video slots
Broadcast the Waco Davidian plots
They own YouTube, Myspace
When this ignorant shit gon' stop?
They monopolize and use your views
And the channel you choose
Propaganda, visual cancer
The eye in the sky, number five on the dial
Secret agenda, frequency antenna
Got the mind bender, remote control soul controller
Your brain holder, slave culture game's over
What's a Fox characteristic?
Slick shit sensin', misinformation
Pimp the station, over stimulation
Reception, deception
Comcast digital Satan
The Fox has a bushy tail
And Bush tells lies and Fox trots
So I don't know what's real

[Hook - Nas]

Watch what you watchin'
Fox keeps feeding us toxin
stop sleeping, start thinking outside of the box
and unplug from The Matrix doctrine
but watch what you say Big Brother is watchin'
Watch what you watchin'
Fox keeps feeding us toxin
stop sleeping, start thinking outside of the box
and unplug from The Matrix doctrine
but watch what you say Fox 5 is watchin'

[Verse Two - Nas]

The fear factor got you all riled up
O' Reilly, oh really? No rally needed, I'll tie you up
Network for child predators, settin' 'em up
Myspace pimps, hoes, and sluts
Y'all exploit rap culture, then yall flip on us
And you own the Post, and yall shit on us
What is they net worth?
They gon' try to censor my next verse
Throw 'em off the roof neck first
While I'm clicking my cursor
Reading blogs about the pressure they put on Universal
It gets worse while I'm clicking my mouse
While they kickin' my house
They figured us out, why a nigga go south
It's either he caught a body, no sleep they watchin'
I watch CBS and I see BS, tryin' to track us down with GPS
Make a nigga wanna invest in PBS

[Hook - Nas]

Watch what you watchin'
Fox keeps feeding us toxin
stop sleeping, start thinking outside of the box
and unplug from The Matrix doctrine
but watch what you say Big Brother is watchin'
Watch what you watchin'
Fox keeps feeding us toxin
stop sleeping, start thinking outside of the box
and unplug from The Matrix doctrine
but watch what you say Fox 5 is watchin'

[Verse Three - Nas]

They say I'm all about murder murder and kill kill

But what about Grindhouse and Kill Bill?

What about Cheney and Halliburton?

The backdoor deals on oil fields

How's Nas the most violent person?

Y'all don't know talent if it hit you

Bringin' up my criminal possession charges with a pistol

I use Viacom as my firearm and let the lyrics split you, who do you rely upon?

They shoot shells at Leviathan, I'm dealing with the higher form

Fuck if you care how I write a poem

Only Foxx that I love was the Red one

Only black man that Fox loves is in jail or a dead one

Red rum, political bedlam

Don't let the hype into your eyes and ear drum

Murdoch on Fox, not A-Team with Baracus

And he hate Barack cause he march with the marchers
