

Nashville Pussy, Hate And Whisky

well i come from down
in some dirt-water town
where theres nothin to do
and nothing cool around
spent lonely days
learnin bout life goin wrong
as sung to me
in dead mans song

never been nowhere
aint no where to go
just pray your not around
when i finally explode

'cause sometimes it feels
like everyone rounds out to get me
so leave me alone
'cause im full of hate and whisky

one day my dady said
boy you look like hell
get a restraining order
against yourself

and my moma asked
what would jesus do
i said he wouldnt give a damn
he'd be just like you

'cause sometimes it feels
like everyone rounds out to get me
so leave me alone
'cause im full of hate and whisky
