

Nashville Pussy, Say Something Nasty

Well, it's just like Jesus said
Go put some shit inside their heads
You got to stand up for getting down
So, roll me a joint and pass that thorny crown

Gotta , say something nasty
Really let loose
Pay no attention
Ain't nothing but the truth

I got my foot to the floor
Cause I don't give a damn any more
If gotta worship that rumbling sound
Better kneel down and pray before
The baddest wheels in town

Say something nasty
Really let loose
Pay no attention
Ain't nothing but the truth
Hit me!

If you don't like what I gotta say
Then get your dead ass out of the way
I'll bring your whole world crumbling down
Easier than shootin dead dogs inside a pound

Say something nasty
Really let loose
Pay no attention
Ain't nothing but the truth

You've gotta hit them they're down baby
Kick 'em in the dirt
Give me three seconds
Show you where it hurts
