

Nasty Boy Clique, Me Minus You

(chorus)

Why you don't feel the way I want you to,
I always thought that you would be so true baby,
now every time I look into your eyes,
me minus you is such a lonely life

(verse 1)

Do you miss me like I miss you,
remember I promised you the world,
forever your man forever my girl,
now mama always told me that there'd be days like this,
when I would reminisce on the games I use to play,
so go I got what was given, she left me, my only reason for living,
I give and go I was floating on a daydream, damn use to love me, stuck on black street,
sick for a fix of your candy coated lipstick,
bubblegum kisses that will blowing in the wind and never answered,
to infinity I gave you love and not reality,
it was me and you against the world,
our lies against us,
betrayed, we started playing silly little mind games,
and filled hugs and kisses, reached for the broken truth,
and all I have to say to you is simply this,
you lied to me baby, why'd you have to lie to me yeah

(chorus)

Why you don't feel the way I want you to,
I always thought that you would be so true baby,
now every time I look into your eyes,
me minus you is such a lonely life

(verse 2)

I'm sitting in the dark thinking how much I loved you,
como te quiero what I wouldn't do for you,
and memories of those days,
abrazos, besos, hugs and kisses,
many people never meet that one,
and if you leave I'll be another one,
otra persona dieing inside,
having no pride, please tell me why,
in the middle of the night taking all my dreams,
todo mis sueños, everything I need,
so watch a grown man cry,
'cause this is what it sounds like when a soul dies,
I dedicate this song to you,
uh uh I dedicate my life to you,
'cause there's nothing in this world that I need more,
than to be by your side forevermore, uh

(chorus)

Why you don't feel the way I want you to,
I always thought that you would be so true baby,
now every time I look into your eyes,
me minus you is such a lonely life

(verse 3)

Ok now thinking to myself sometimes I wonder reaching out,
was my love not good enough,
it's so rough to figure out,
doubts of arguments,
regrets so deep within,
in between now and then it ended not to begin,
why girl nothing for what I was,
serenity of a youngster loving everything but doing you wrong,
so many nights of making love,

thanking my Lord above for you passionate touch, passionate such,
but too much was more to deal with,
I took your love for granted and didn't feel it,
but still at soul my for messing up,
at times it's hard to keep at line with soul and trust,
in quiet lust not knowing quite enough,
to feel the purpose of being in it for us girl,
and so to say we play to get played,
and deal with it day to day,
but I'm sorry

(chorus)
Why you don't feel the way I want you to,
I always thought that you would be so true baby,
now every time I look into your eyes,
me minus you is such a lonely life
