

Nasty Cherry, Win

I am such a psycho
.. by the eyez
i make you bring down
electric skies

I will tell you secrets
I will tell you lies
you think I am broken
only inside

I need to
I need to

I need to
breathe in
and then breathe out
punch through the window
I am bleeding now

I will tell you secrets
I will tell you lies
you think I am broken
only inside

I play this game twice
I play mine
you can't take me down
I'm not losing now

I need to win
I need to win
