

# Nasty Cherry, Win

I am such a psycho  
.. by the eyez  
i make you bring down  
electric skies

I will tell you secrets  
I will tell you lies  
you think I am broken  
only inside

I need to  
I need to

I need to  
breathe in  
and then breathe out  
punch through the window  
I am bleeding now

I will tell you secrets  
I will tell you lies  
you think I am broken  
only inside

I play this game twice  
I play mine  
you can't take me down  
I'm not losing now

I need to win  
I need to win
