

Nasum, Just Another Hog

(Music & lyrics: Anders Jakobson)

From the highest tower
You pull the puppet's strings
While you command your slaves
Someone is watching you

You're enslaved, you're their slave
They dominate your fate

When all is said, you're a living dead
They dominate your fate

All that massive power
You're just another hog
Sucking up to the master
While feeding from the trough

You're enslaved, you're their slave
They dominate your fate

When all is said, you're a living dead
They dominate your fate

Your stink suffocates me!
Your stink suffocates me!
Suffocates me!

They dominate your fate!
They dominate your fate!
They dominate your fate!
They dominate your fate!
