

# Nat King Cole, With You On My Mind

(nathaniel cole, charlotte hawkins)

(with you on my mind,  
With you on my mind)

With you on my mind,  
How can I do anything?  
With you on my mind,  
All the time remembering.

Got an achin' heart  
Thinkin' how it used to be.  
With you on my mind,  
When you gave your love to me.

I believed in your love (your love)  
Thought I was your true love (true love),  
But you found a new love (new love)

Who changed your mind (who changed your mind).

Now that you are gone,  
I just seem to spend my time  
Feelin' so forlorn,  
With you always on my mind.

~interlude~

Now that you are gone,  
I just seem to spend my time  
Feelin' so forlorn,  
With you on my mind.

Feelin' so forlorn,  
With you always on my mind.  
(with you on my mind)
