

# Natalia, Higher Than The Sun ( Eurosong 2004)

You're love is like a simphony  
you're love is like a piphony  
Boy, you make my love-life burning higher and higher  
(higher higher)  
you're love's got just what it takes  
a roaler coaster without breaks  
and the devil in my soul, it just caught fire.  
(fire fire)  
i get up (oooow) lift my hands, and my head starts spinnin' around  
got me higher as the sky got me floatin'  
Oow i can't come down!  
Chorus : You make me weak,  
you make me strong  
you got me higher than the sun  
you give me hope  
you give me joy  
you give me exstacy

A brand new day is comming on  
A brand new me is taking fall  
you got me flying to the sky above

You're love has got the best of me  
come and take the rest of me  
Boy, you got my body burning with disire
