

# Natalia Lesz, It's OK

In my heart I was holding back  
But this love doesn't work like that  
It's okay cause I'm letting go today  
It's the way That you look at me  
This is not what I do but I'm trusting you  
Cause I love what I feel and I'm ready to let go

It's okay  
Cause I know that you want all of me  
When I'm baring it all  
You just love what you see  
It's okay that I feel like I'm not at my best  
Cause you think that I'm good  
You see past all the rest

It's hard to breathe  
Can't hardly speak  
Don't wanna sleep  
Come undone  
Can't keep it in  
Where have you been  
Touch me again  
I'm undone

I was proud couldn't let you in  
Always scared of defeat so I couldn't win  
Now I know that there's never loss in love  
When you're here lying next to me  
Can't imagine a place that i'd rather be  
Cause I love what i feel and I'm not ready to let go

It's okay  
Cause I know that you want all of me  
When I'm baring it all  
You just love what you see  
It's okay that I feel like I'm not at my best  
Cause you think that I'm good  
You see past all the rest

It's hard to breathe  
Can't hardly speak  
Don't wanna sleep  
Come undone  
Can't keep it in  
Where have you been  
Touch me again  
I'm undone

Im trading new territory  
A new girl, like you never knew me

It's hard to breathe  
Can't hardly speak  
Don't wanna sleep  
Come undone  
Can't keep it in  
Where have you been  
Touch me again  
I'm undone
