

Natalia 'Natu' Przybysz, All I've got

Yuu call it music
but it is all I've got
The truth is
All is in the mind
When I hear music
All becomes one sound
And that is including
You and I.
I hear music when I go home
and I turn my lamps down
I hear music right now
I hear music when I see
the people walking in the rain
I hear music right now
I can hear the music when we are together
The music when we're apart
I hear music when we're making love
when there is stormy weather outside
Don't know why there's
no sun up in the sky
But there inside I hear music in my heart
I trust the music- cause that's what I am
I trust the music- and that is my faith
I trust the music- Believe that there is a God in there
I trust the music- how does it sound for U?
I trust the music- believe that there's God in there
I trust the music- nobody else
I trust the music- believe that there is God in there
I trust the music- have U found new music yet?
