

Natalia 'Natu' Przybysz, Embrace

Knowing beyond the words
Moment beyond time
Deep connection
Dance mediation
Let me show You what I want to do
I want to take You higher, higher
Step up on the shore of your loving
Guide yourself into your arms
to hug You with all your soul
Once you're here with me it doesn't matter.
Whether You are right or wrong I love You
The music loves You and I love You
Such romance happens when
Only when You can dance
Make me feel like a bird
Make me fly
Fly to heaven
Step up on the shore of your loving
Guide yourself into your arms
to hug You with all your soul
Once you're here with me it doesn't matter.
Whether You are right or wrong I love You
The music does
Take Yourself the babyself
into the music babe
take Your hand into my hand
Let them breathe together
When You exhale
Make it corolful.
