Natalia Szczypuła, Beautiful Trauma

we were on fire
I slashed your tires
it's like burn so bright
we burn out
I made you chase me
I wasn't that friendly
my love, my drag
we're fucked up

cause I've been on the run so long they can't find me you waken up to remember I'm pretty and when the chemicals leave my body they're gonna find me in a hotel lobby

cause those though times they keep coming all night laughing and fucking Some days like I'm barely breathing after we were highj in the love doped out

it was you
the pill I keep taking
the nightmare I waken
There's nothing
no, nothing
nothing but you
my perfect rock bottom
my beautiful trauma
my love, my love, my drag /3x
ma love, my drag, we're fucked up

you pushed a hole in the wall and I Framed it I wish I could feel things like you everyone's chasing that holy feeling and if we don't stay lit qw'll blow out blow out

cause those though times
they keep coming
list night
I might have messed it up again
some days like I'm barely breathing
after we were high on the love
doped out

it was you
the pill I keep taking
the nightmare I waken
There's nothing
no, nothing
nothing but you
my perfect rock bottom
my beautiful trauma
my love, my love, my drag /3x
ma love, my drag, we're fucked up

cause those though times they keep coming all night laughing and fucking Some days like I'm barely breathing after we were highj in the love

doped out

it was you the pill I keep taking the nightmare I waken There's nothing no, nothing nothing but you my perfect rock bottom my beautiful trauma
