

# Natalie Bassingthwaighte, This Can't Be Love

This can't be love, just hooked up for fun, you couldn't be the one, those things never last  
This can't be love, that's not what I need, you feel too good to me, these habits forming fast  
I just wanted a kiss, it ended up like this, it's getting so hard to resist

This can't be love

It's not what it feels like, everything's way too good

It's not what it feels like, don't even think I could

Even though it seems so right, thinking maybe I might tonight

This can't be love

This can't be love, I tried to escape, those stupid mistakes, so don't say that word

This can't be love, to feel this free, when you're here with me, everything's been blurred

I just wanted to feel, it ended up too real, it's getting so hard to deal

This can't be love

It's not what it feels like, everything's way too good

It's not what it feels like, don't even think I could

Even though it seems so right, thinking maybe I might tonight

This can't be love, this can't be love

Just wanna let go, no need to know

Don't wanna think bout it tonight, don't wanna think bout it tonight

Just close my eyes and feel you by my side

Don't wanna think bout it tonight, I wanna think bout it tonight

This can't be love

It's not what it feels like, everything's way too good

It's not what it feels like, don't even think I could

Even though it seems so right, thinking maybe I might tonight

This can't be love

This can't be love

It's not what it feels like, everything's way too good

It's not what it feels like, don't even think I could

Even though it seems so right, thinking maybe I might tonight

This can't be love, this can't be love
