

Natalie Brown, Around The World

Pack your bags lets get away
Im in the mood to leave today
Dont you worry bout the rent and all the bills
Cuz theyve been paid
Tell your boss that youre on leave
Call your friends and family
Hold the mail
And change the message on your voice mail
Well be gone for quite some time
Lots of places we can fly
People everywhere will see
Our message written in the sky
Youre all work and Im all play
Why dont we just meet half way
Pack your bags, I want to leave today

I wanna rock around the world
Take you on a carpet ride
No need to rush, lets take our time
Unwind, to the beat of life

Chocolate San Francisco treats
Well be dancing in the streets
Make our way to Mardi Gras and funky Blues in New Orleans
Rios Sugarloaf well climb
Listen to the Big Ben chime
Ride the ferry, cross the channel with Parisian Pantomimes
Travel to the Taj Mahal
See the wonders of Nepal
Listen to the roaring thunder of the waters of the Nile
Barrel down Niagara Falls
In Ibiza lose control
Pack your bags, I want to leave today

I wanna rock around the world
Take you on a carpet ride
No need to rush, lets take our time
Unwind, to the beat of life

Lets rock around the world
And roll together
eh-eh, eh-eh, eh-eh-eh-eh
Well rock around the world
And roll together
eh-eh, eh-eh, eh-eh-eh-eh

Well have all that we need
It will be you and me
And the places well see
Therell be treasures to find
In the sparkling sky
Well fulfill our desires
Let your spirit fly free
Theres no place we cant be
Well do more than sightsee
Lifes a journey we should take
Lots of memories well make
Pack your bags, I want to leave today

I wanna rock around the world
Take you on a carpet ride
No need to rush, lets take our time
Unwind, to the beat of life
