

Natalie Browne, You Pierced My Soul

Sometimes I feel like
I'm standing naked before you
Even though I'm fully clothed
Do you know what it feels like
To have someone staring inside you
Someone you barely know
And that someone can look inside your soul
And face you with your deepest fears
You've seen what no one else has seen
What is it that you want me to feel?
And I have never known a feeling such as this
And it doesn't take a touch
Not even a simple kiss
What is it that you are doing to me?
What is it that you're trying to make me see?

Chorus:
You pierced my soul
Now I am aware
I'm not fully whole
I can't deny
Something inside
I've yet to find
Your eyes have made me aware
Now I have no control
Because you, because you pierced my soul

And it's not even a sexual thing you do
It's something that I can't describe
And even though I feel scared inside
Somehow you make it all alright
And I know it's going to be a journey
And the pain is just a part of it all
But I think that you will be there for me
If somehow I start to fall
And I have never known a feeling such as this
And it doesn't take a touch
Not even a simple kiss
What is it that you are doing to me?
What is it that you're trying to make me see?
