

Natalie Cole, A Song For You

I've been so many places in my life and time

I've sung a lot of songs and I've made some bad climbs

I've acted out my life in stages with ten thousand people watching

Oh, but we're alone now and I'm singing this song for you

I know your image of me is what I hope to be, I've treated you unkindly

Oh, but Darling can't you see that, there's no one more important to me

Baby, baby, can't you see through me, 'cause we're alone now

And I'm singing this song to you, you taught me precious secrets

Of a true love withholding nothing, you came out in front

When I was hiding, yeah, yeah, but now its so much better

If my words don't quite come together, please listen to the melody

'Cause my love is in there somewhere hiding

I love you in a place where there is no space or time, I love you for my life

You are a friend of mine, and when my life is over

Remember, remember, remember when we were together

And we are alone now, and I was singing this song to you

We were alone, and I was singing, yeah singing

We were alone, and I was singing this song for you

Singing my song, I'm singing my song for you

Doo, doo, doo, doo, doo, doo, doo, doo, doo
